---

Melody:

I got this map from START and the excel file. I wanted to check to see if you could work with this to make a new map with Bing aerial background that shows the property ownership blocks colored in for Rio Algom/Quivera (same company) and then a different color for the State of New Mexico parcels. All other land ownership in white. Also, please put the black/yellow cubes for the Tronox mines. If you can't really work with this as is, I will get Patrick Bond to send in another format.

Thanks

Warren

**Subject:** Plat data

This is what Bond was able to put together. There is some missing data but requests from McKinley Co. for additional info. yielded "this is all we have."
